

ALFI MORIS BESHAY, MD, MSc, FRCPC

Dr. Beshay is a graduate of Cairo University, Egypt 1986. He finished residency & fellowship training in Cardiology at National Heart Institute Cairo, Egypt. He then moved to North America, completed Internal Medicine residency training at Mount Sinai School of Medicine, New York City & Internal Medicine/Cardiology Fellowship at Dalhousie University in Halifax.

He became Fellow of the Royal College of Physician & Surgeon 2001, certified with the American Board of Internal Medicine & Nuclear Cardiology. He is also a Certified Hypertension Specialist. He is a diplomate of the National Board of Echocardiography with double board certification in adult transthoracic echocardiography and critical care echocardiography. Dr Beshay recently received the distinguished diplomate status of the American Board of Clinical Lipidology to become one of few physicians in Ontario to carry this designation.

He moved to Niagara area year 2002 to join the old Hotel Dieu Hospital, where he was the internal Medicine Clerkship Coordinator to Niagara Clinical Teaching Unit (2002-2003). He practices in his St. Catharines office since 2003. He joined Welland Hospital Staff in 2009 and practices in his Welland office as well since that time.

His practice specializes in prevention, diagnosis & treatment of cardiovascular diseases. Dr. Beshay's interest also include Clinical lipidology, diagnosis and management of advanced lipid disorder for more than 20 years. His passion about lipid disorder has led him recently to become board certified in Clinical Lipidology. Very few physicians in Ontario hold this title.

Dr Beshay believes that every cardiac patient and their family are different, with their own unique needs. His goal is to design an individual treatment plan to help each and every one of his patients to achieve the best outcome possible.
